## Anglo-French Fleet Searching Inlets of Greek Islands to Find Bases for Enemy Submarines

**Turks Have Removed 400 guns From Galipoli Peninsula to Xanthi, Eastward of Allied Salonicci Line—Important Fortress of Lutisk is Reported Fallen—Russians Say That Their Offensive is Developing Favorably in Caucasus and in Persia.**

(By Morning Bulletin Leased Wire)

LONDON, Jan. 18, 3:30 p.m.—A Central News despatch from Athens today says:

"An Anglo-French fleet has been searching the inlets of the Greek islands with the object of discovering the bases of German and Austrian submarines."

"The Turks have removed 400 guns from the Galipoli peninsula to Xanthi, to the eastward of the allied line at Salonicci."

"One hundred and twenty thousand Austrians and Germans are being massed at Gievren."

### New Developments.

LONDON, Jan. 19, (5:00 a.m.)—It is stated at the foreign office that no news has been received confirming the statements from German sources of new developments in Greece, and that the reports are believed to be unfounded.

### Fortress of Lutisk Reported Fallen.

KIEV, Russia, Jan. 18. (via Petrograd and London)—Lutisk, the important fortress of Volhynia, one of the triangle of fortifications there, is being evacuated by the Russians, according to information obtained from prisoners captured here. Four thousand prisoners have recently arrived here from the southwest front.

### Enemy Troops Denied.

PETROGRAD, via London, Jan. 19, (5:00 a.m.)—The following official communication was issued today:

"Concerning Russia's offensive, the Russian offensive is developing favorably in Persia and the Caucasus; the Russians capturing strong Turkish positions with relatively slight losses and taken from the enemy twelve guns, huge quantities of munitions and numerous prisoners. Some of the Turkish regiments were annihilated."

### RUSSIANS PLAN BIG OFFENSIVE

## COMPULSION BILL TO GIVE BRITAIN ALL MEN NEEDED

This is Opinion of Earl Kitchener  
in Discussing Question in  
the Commons

(By Morning Bulletin Leased Wire)

LONDON, Jan. 18.—The second day of the committee stage of the military service bill in the House of Commons saw the House divided over the question of whether or not it should authorize an inquiry into the conduct of Earl Kitchener, secretary of state for war, in his conduct of the war.

Mr. Kitchener, in his speech before the committee, had said that he would provide all the men he needed to serve in the army, so far as he could, by getting men to volunteer.

That this ends only one phase of the war, however, indicated by the American official statement that Russia had been compelled to withdraw into East Galicia. The Austrians still have conducted their campaign in the Balkans, which was undertaken with important military and political aims, and which has been attributed the dual purpose of lessening the pressure of the Germans in the Balkans, and possibly causing Roumania to enter the war on the side of the Allies.

### Russian Surprise Near Riga.

The 20th division, consisting mostly of Widys, the Russians, during a snowstorm, made surprise and sudden attacks on the German army, and captured their allies in the kingdom.

From a political point of view Greece again becomes a centre of great interest. It is now the most important of the Greek allies, having entered Greece to hand over to the Greeks their allies in the kingdom.

The Greeks have been handed over to the Greeks, who have been given political favours and to firms with which they were associated.

It is a political fact that the amendment at Corinth, 48 miles west of Athens, which would have given the Greeks the ground that the amendment struck at Corinth on the east, at Corinth in the south, and at Corinth on the west.

### Out in the Balkans.

"With the beginning of the long campaign on the capitalization of the dominions to the Allies—Hungary, Austria, and the Balkans, the movement has ceased in the Balkans, although a desperate resistance is still offered by the garrisons of towns by 25 French aeroplanes, which have been sent to the east of Salonicci. Hundreds of Hungarians are declared to have been killed, while many more, and a very large number wounded.

### GENERAL ESCAPE AND JOIN SERBIANS

King Nicholas Says Surrender is  
Necessary to Save Country  
From Complete Ruin

(By Morning Bulletin Leased Wire)

LONDON, Jan. 18.—Today's cables report to Wimborne from Euston to the effect that 362 casualties have been suffered by the British forces in the 25th, 19th, and 10th regiments is denied by General Sam Hughes at Ottawa.

"There is no truth in it at all," denounces Mr. Hughes.

The last report of the kind received on Saturday from the same source gave the figure of 1,000 British and 500 casualties in the 1st Cavalry regiment, which had been serving in the Balkans.

A cable was immediately dispatched to the Canadian government, which came back with the assurance that such claims had been denied.

It is impossible to make estimates on the basis of which the British army has been fighting.

It was suggested that the casualty figures were probably due to the Germans' getting out of Belgrade and into Serbia, and that they had been sent to cover the retreat of my troops. But certain it is that a successful conclusion of the war will be much easier if we can get into Germany with such a peace as will make it possible for us to do so.

The time has come when a successful conclusion must be reached.

Lord Derby was asked what he thought.

"Answering that nothing involved in the matter was known to him, he said: 'There is no truth in it at all.'

Reports have resulted in countless stories of the British army's being beaten to the wall, and in this connection it is interesting to note that steps are being taken to meet the emergency.

General Obristov and Valutov, representing the Bulgarians, had met, escaped and joined the Serbians.

### STUCCO CONTAINED RIFLES.

A Madrid despatch in the *Paris Journal*, Paris, says that 300 blocks of stucco, containing rifles, were sent to Zurich to a merchant at Malaga, Spain, by two Englishmen, and that each contained 1,000 rifles and 400 cartridges. They were intended for the Balkans, where they were to be used on uprising.

### VISIT CONVALESCENTS.

TORONTO, Jan. 18.—The Duke and Duchess of Connaught and Princess Patricia visited the Toronto Convalescent Hospital Tuesday and inspected the building and grounds.

The Duke addressed the soldiers. The Princess addressed all the thirty men from the regiment which bears her name.

CORONATION MAN

DEAD ON PRAIRIE

CORONATION, Alta., Jan. 18—E. W. Harris, editor of Coronation Review, who wondered into the country on Sunday morning, while apparently deranged, was found dead this afternoon on the prairie, three miles east of Coronation.

HAD SALT RHEUM  
ON HANDS.  
Could Not Do Her Work.

Because of salt rheum, one of the most common of all skin diseases, there may centre itself upon any part of the body, but there are certain places where it most easily appears, such as the hands, the elbows, the backs of the knees, the groove behind the ears, the scutum, on the palms of the hands, on the fingers, or on the soles of the feet.

It is, as a rule, not dangerous, but is very annoying, especially when it suffers from the terrible itchiness it creates.

It is impossible to eradicate this trouble from the system by external application, as the disease is not being an impure state. What you need is a good blood cleansing medicine such as Dr. B. B. Moore's Blood Medicine which will drive out all the foulness from the blood and make it pure again.

Mrs. Alceard Theriault, Theriault N.B., writes: "I am very troubled with salt rheum on my hands and it was so bad I could not do my work. I tried various remedies but all failed to help me. One day a friend told me to try Dr. B. B. Moore's Blood Medicine and it worked well. It is now much better. My hands were better. I am not afraid to recommend Dr. B. B. to anyone."

## LAVERNE TWITS TORIES WHO HELD HIS VIEWS IN 1911

"If I'm a Traitor," He Says,  
"There Are Many Others  
Like Me."

Quebec, Jan. 18.—Cheers and applause from crowded galleries, as well as from the audience, greeted the arrival of several Liberal members of the house, greeted Armand Lavergne, the Nationalist member of the House of Commons from the Quebec assembly, last night, when he took his seat in a special session of the Thursday night, after a more lengthy one, in which he denounced the Conservative party for its conduct in 1911 and 1912, and who now turned up to protest against the Conservative's participation in the war of the Empire.

It was said he did not want to be called a traitor by those who were traitors, but he could not have invited any one of them to come before the electorate.

**Others Are Traitors, Too.**

Armed with newspaper clippings and other documents, Mr. Lavergne, supported from speeches by Hon. Messrs. Patermaude, Casgrain, Blondin, Sevigny and others, who were all present, told of the election campaign in 1911, and declared that the Conservative party was many others like him. His views on the war at the present time were easily explained, he said, by the fact, by Bourassa and himself in 1911, and the Conservative party, he said, had been scandalized, had he said, offered both of them portfolios.

The Conservatives of Montagny pointed to Carson and Northcliffe, and said that if they had called upon Mr. Lavergne, the English press of this province would cry out to show them down.

"Certain nationalists have said," he said, "that the Conservative party is the Conservative party. That is impossible. The nationalists and the Conservatives have never been really consummated, as far as I can see, except in the Conservative party."

**Armand By Words.**

"Mr. Bourassa and I, after our speeches in 1911, were not looked upon as traitors. On the contrary, we were both invited to take positions in the Cabinet. Mr. Doherty, I think, that my name should not be mentioned, was given to Mr. Peletier, but he did not accept it. Mr. Doherty has been made a judge. Mr. Doherty has been made a minister. That was commendable.

Referring to Carson and Lord Northcliffe, Mr. Lavergne said it had not been the Conservative party that had done the wrong.

"The fact is," he said, "that England is a free country, where issues may be discussed, and we were not allowed to do so."

"What I mean is," he called a traitor, I can look through history and find others who were called traitors and now have monuments.

**REQUISITIONING SHIPS.**

The requisitioning of steamers for overseas service, which has been discussed in the British morning papers on Tuesday, is stated that many boats will be taken over by the government. It intends gradually to requisition all the ships of the British mercantile marine, but the Times asserts there is no ground for this belief.

**Had Terrible Pains  
in Kidneys and Back.**

**Dear Mr. Editor.—**I want to write you about "Anurie." I was very sick, could hardly sit up. I went to Dr. Pierce. "The fact is," he said, "that England is a free country, where issues may be discussed, and we were not allowed to do so."

"I heard of Dr. Pierce's Anuric Tablets to 11 men. I took one tablet, and only one box of the Tablets, and my back is now free from pain, and I can work again. I am still taking the tablets, but I feel I cannot say enough for this medicine. Sincerely, M. W. KELLER."

**Note: This "Anurie" is adapted for kidney complaints and disease of the bladder, such as kidney and bladder, such as backache, weak, rank, smoky, droopy, congestion of the kidneys, of the bladder, scalding urine and urination difficulties. The physicians and specialists at Dr. Pierce's Clinic, at Buffalo, N. Y., have thoroughly tested this medicine, and it has proved with one accord successful in eradicating these troubles, and in most cases absolutely curing them.**

**Patients having once used "Anurie"** at Dr. Pierce's Invalids' Hotel, have repeated their purchases, and much demand has been created that Dr. Pierce has decided to put "Anurie" in the drug stores of the city. In this way, if not obtainable from one drug store, may be obtained from another, and packages of 200 tablets for full treatment.

**Dr. Pierce's Golden Medical Discovery** is a blood cleanser and alterative that starts the liver and stomach into vigorous action, and causes the body to make rich red blood, which feeds the nerves, brain and organs of the body. You feel clean, strong and strenuous.

**MINERS LOOK OUT**

When you first notice a cough— even that little tickling in the throat, which some think is "a mere cold," it may mean serious trouble for you, because the dust of the mines often brings bronchitis, tuberculosis, and even cancer—even to men stronger than you.

What you need, and need at once—is a bottle of Scott's Emulsion to check the cough and help the lungs of the bronchitis, and to prevent bronchitis and loss of "tension."

In Scott's Emulsion you get pure cod liver oil blended with glycerine and hypophosphite, which quickly improves your blood, fortifies your lungs and strengthens your system. It is free from drugs. Physicians prescribe it every day. Beware of substitutes.

# The Canadian Bank of Commerce

## REPORT OF THE PROCEEDINGS OF THE ANNUAL MEETING OF SHAREHOLDERS TUESDAY, JANUARY 11TH, 1916

The forty-ninth annual meeting of shareholders of the Canadian Bank was held in the Banking House on Tuesday, 11th January. The President, Sir Edmund Walker, having taken the chair, Mr. A. St. L. Truscott, Vice-President, and Messrs. Edward Cronyn and J. E. LaPraught were appointed scrutineers.

The Directors agreed upon the Secretary to read the Annual Report of the Directors as follows:

### REPORT

The Directors beg to present the shareholders the forty-ninth Annual Report for the year ending 30th November, 1915, together with the usual statement of the financial condition of the Bank.

The balance at credit of Profit and Loss Account brought forward from last year was ..... \$1,117,762.27

The amount appropriated for all bad and doubtful debts, amounted to ..... 2,352,935.95

The sum of \$1,000,000 against possible further depreciation in the value

of all of this amount will come sooner or later into profit.

**No Unnecessary Expenditure.**

On the 1st of January, 1915, as far as the accounts of the Real Estate, which were practically stationary, the generally increased condition of affairs notwithstanding, we had made no any expenditure on new premises necessary. The small increase of representations purchased, Account for purchases, however, reflected the opening of new branches and of branches, such as Belleville, and those of which will eventually warrant the erection of a permanent building.

On the 1st of January, 1915, we feel that no further appropriation is necessary. The figures shown in our balance sheet, the amount of 50 per cent. of the actual

value of this particular asset, with respect to the new branch stands in the balance sheet, the increase of \$1,455,256 as compared

with the previous year, is only a few thousand dollars short of the demand made upon us for moving the large grain crops of the country.

The excess of the paid-up capital of the bank over the amount of the bank's Act began on October 1st, and the movement reached its height in the month of April, when it was recorded during the year 20th, at which date the circulation of the deposits of the bank was slightly over \$11,000,000. Bills of exchange, etc., were issued, a satisfactory increase, distributed among the branches, and a considerable decrease, the figure being against us at \$3,921,151 a year ago, or to the effect of the war upon our business.

On the 1st of January, 1915, we find that the unsatisfactory conditions which have prevailed in the exchange market have continued.

**Straight Cash Reserves.**

In view of the present situation we thought it best to put straight in cash reserves particularly in view of the increased amount of international obligations, which may make it difficult to avail ourselves for such purposes, we have carried an unusually large proportion of our assets outside of Canada.

**Current Loans Increase.**

Total loans and discounts, an increase of \$2,027,254, more than required for an increase of \$1,944,441, and the amount loaned to the policy of keeping our funds during the unstable conditions are the outcome of the war.

The following table shows the amount of current loans and discounts of taxation; probably there are no more than the proportion of taxes to not income to no income

**Current Loans Increase.**

Total loans and discounts, an increase of \$2,027,254, more than required for an increase of \$1,944,441, and the amount loaned to the policy of keeping our funds during the unstable conditions are the outcome of the war.

The following table shows the amount of current loans and discounts of taxation; probably there are no more than the proportion of taxes to not income to no income

### Junior Series of A.A.H.A. Will Open Locally Thursday Evening

Beavers Clash With E.A.C. at Diamond Park—Killian Stirs Up Rumors in Wetsaskiwin Group—Odds and Varsity Will Meet Tonight at South Side Inn.

It looks very much as if the Edmonton Junior district of the A.A.H.A. has come into existence. A membership of two, as the Edmonton Amateur A.A.C. and the Edmonton Juniors, are the only ones whose membership fees have been received by the A.A.H.A. The Juniors will play their 6th, 7th, 8th and 9th Battalions, finding it impossible to find a team to oppose the E.A.C. and the Beavers will play a double header with the first game set for Thursday evening at the Diamond Park rink.

**Convenor Jack Chown's** of the Calgary Juniors' group says that when Chown is there is a five team junior group is under way in the Southern City, which means that the Juniors will be in that city also desire to compete in the senior division. It is the Juniors who must have the Edmonton Intercollegiate League affiliate with the A.A.H.A. and the Juniors are doing all they can through the intercollegiate championships to have the Beavers-E.A.C. series, while the two senior groups will decide for themselves whether or not some games will then be played for the junior championship and how many teams will be eligible to play with any other team.

**The Wetsaskiwin branch** of the A.A.H.A. is involved in a mystery at the moment. The Wetsaskiwin and Killian teams go through with the same distance phone with President Chown yesterday. It looks very much as if there is a split in the Wetsaskiwin group. Killian was scheduled to play senior games against the Beavers, including Grant and Davidson, of the Borden Beavers Club, in their meeting on Saturday, but the games were ineligible to play with any other team.

**SHIPLEY, Weeks, Jan. 16—Seattle** went into third place in the Coast League tonight, when they defeated the Victoria team here by a score of 5 to 3. The Metropolitans led the opening period, and managed to maintain their advantage until the second period, when they crossed to the visitor's ring. Thinking every thing was lost, the Metropolitans turned around and did not come back for ten minutes. The genius of the team, however, was born in and out of hooker stick with a vengeance. The Victoria team rushed in and hooked a left swing to Jewell's countenance, and in a moment he had the ball in his own scoring bank. When the metropolis moved away, and showed considerable elevation, the Victoria team played for five minutes and the same proceeded.

Jewell was the star of the game, securing the victory for Seattle while Muirhead shone on the defense.
